Back by popular demand!

This beautiful book is a reprint of my 2004 classic.

The Quilted Diamonds method of hand piecing is a simpler alternative to English Paper Piecing (EPP) and it is more portable, more precise, and faster!

- 144 page book —sample pages at lindafranz.com
- two hour lesson on DVD included!
- ‘pre-Inklingo’ but there is an optional CD to print the patterns on freezer paper (requires EQ)

This is the book that inspired me to invent Inklingo. There are too many different shapes in 101 pieced diamonds for all of them to be included in an Inklingo shape collection but there is one collection with QD sashing, cornerstones, and setting triangles.
