inklingo CHEAT SHEET

CELTIC SOLSTICE 75 x 75

We usually use **Monkey's Cheat Sheet** to summarize the printing (**example on website**) but this is a mystery, so the Cheat Sheet is a little bit different. The evidence is revealed a bit at a time.

The diagrams show how to position the FP on the fabric to make the best use of yardage and there are notes for printing on scraps. Please see the video for alternatives to printing every shape.

Fabric/Shape	#	Suggested FP Size	Other FP Sizes?	Illustrated on Layout Diagram (next pages)	Notes

STAR POINT B (LEFT)	188		p 13	same as Star Point A	
<u>Vellum (Bonnie's Neutral)</u>

Tape a swatch of your fabric over mine.

This shows an efficient layout if you are using yardage to prepare the shapes in the Cheat Sheet. If you are using scraps, use the Suggested Custom Page Sizes which use the fabric most efficiently (pages 11, 13, and 15).

If you are using scraps, consider using Layer to Cut instead of printing everything, as described in the video.

Clue # 1

Vellum (Bonnie's Neutral)

75 x 75 - 2 yards
96 Triangle C (Base Triangle)

This diagram shows the layout which makes the best use of yardage for Bonnie's 75 x 75 version.

If you are using scraps, consider using Layer to Cut instead of printing everything, as described in the video. Since you will sew with the Star Point shapes on top, the lines on this triangle are not absolutely necessary when you are sewing.
